**PRIVATE
PARTY
PACKAGES
2024-25**

We started mixing drinks at parties almost twenty years ago, and have fine-tuned our signature serves each year to stay on-trend.

Ice-cold fizz, shaken cocktails, stirred martinis, and the spiciest of margs. Our cocktails are really flipping good.

Included in all packages is a team of our professional cocktail bartenders, all with a wealth of event experience, ensuring that they are as entertaining as they are skilled at drinks making.

All of our packages come with one of our ultra-premium mobile bar units in either a straight or horseshoe layout.

All bars come complete with stainless steel ice wells, worktops, glassware storage, speed-rails, sinks and sundries.

The size of the bar is determined by your guest numbers, which is usually 1 metre for every 30 guests.
